WORKSHOP REPORTS

Workshop on March 5th, 2022

Theoretical Workshop

Speakers:

Rima Tandon, Producer and content creator

Attendees:

SEM IV and SEM VI Students.

Panel Discussion:

The Speaker provided step by step knowledge on Documentary film production for SEM IV students.

This forum opened up discussion on various stages of producing a documentary film, from topic selection to budget planning, how to select the audience, techniques on script writing and post production stages like several editing techniques, why editing is necessary. The forum followed by a Q&A session for all the students of the concerned semester regarding the specific topics and enriched the learning.

The students were greatly helped by this workshop and would look forward for more of such forums.
